

Please amend the claims as follows:

1 1. (currently amended) A method of providing continuing medical education credit to a first
2 physician who has been engaged in a consultation with a second physician via an
3 intermediary, the intermediary being connected by a telecommunications system to both
4 the first and second physicians,
5 the method comprising the steps performed in the intermediary of:
6 receiving a comment made with regard to the consultation via the telecommunications
7 system from the second physician; and
8 providing the comment to a medical information specialist in the intermediary who is
9 neither the first nor the second physician, the medical information specialist providing the
10 continuing medical education credit by recording the continuing medical education credit ~~for the~~
11 ~~first physician~~ based at least on the comment in a database accessible from the intermediary.

1 2. (previously presented) The method of providing continuing medical education credit set forth
2 in claim 1 wherein the method further comprises the steps of:
3 retrieving instructional material relevant to the comment and the consultation from the
4 data base and
5 providing the instructional material to the first physician via the telecommunications
6 system,
7 the step of retrieving instructional material being performed by the medical information
8 specialist.

1 3. (original) The method of providing continuing medical education credit set forth in claim 2

2 wherein the method further comprises the steps of:

3 providing an examination based on at least the instructional material via the
4 telecommunications system;

5 receiving answers for the examination from the first physician via the
6 telecommunications system;

7 grading the received answers; and

8 if the first physician passes the examination, providing the continuing medical education
9 credit.

1 4. (original) The method of providing continuing medical education credit set forth in claim

2 1 wherein the method further comprises the steps of:

3 providing an examination based on at least the comment to the first physician via the
4 telecommunications system;

5 receiving answers for the examination from the first physician via the
6 telecommunications system;

7 grading the received answers; and

8 if the first physician passes the examination, providing the continuing medical
9 education credit.
